Environmental Policy

We aim to conduct our business in an environmentally sustainable manner.

Management

We will:

- comply with legal and statutory obligations
- encourage environmental responsibility through training, education and communication

Employees

We will:

- prevent and minimise waste
- efficiently use resources
- not misuse items or facilities provided

Systems

We will:

- ensure employees are trained in our systems to encourage efficiency and reduce our use of resources
- implement systems to recycle and dispose of waste
- minimise damage to the environment caused by our activities

Continual Improvement

We will:

- continually improve our environmental outcomes by being aware of environmental issues

Shane Limbert

Director
